Adolfo R. Tarango, LAUC-SD

Statement of Candidacy

I am grateful for the potential opportunity to serve the members of LAUC as Vice-President/President Elect, and if elected will strive to fulfill the duties and responsibilities of office to the best of my abilities. My involvement with LAUC on the local level and on occasion, the statewide level, now covers eight years. Combined with a degree of involvement in other systemwide projects and initiatives, I bring an understanding of and experience dealing with the various challenges facing an organization attempting to be active and influential across the UC system. Given the certainty of change in our roles and place, I believe LAUC has a critical role to play in envisioning what that role and place should be. It would be an honor to be your voice and agent in securing that vision.

Biographical Summary
