TITLE OF PROJECT: “Collecting in Squiggly (and Other) Languages: Challenges and Opportunities in International Acquisitions”

Time Period of Grant: **2015-2016**

Amount of Award Received: **\$600**

Original Abstract as Submitted: **Please see attached letter.**

I. ACCOMPLISHMENTS and EVALUATION

- Describe what was achieved during the time period of the grant.
- What aspects were completed as proposed? If your study could not be completed as proposed, explain how your plans were altered.
- Did the project accomplish what it intended? Did it make a difference?
 - Include any relevant quantitative data, if applicable (e.g. How many individuals have benefited from this project? In what way? This may include various output measures such as circulation, reference transactions, program attendance, survey responses, etc. as appropriate.)
 - Include any anecdotes, if applicable.
- What would you do differently next time, if anything?
- What advice do you have for others applying for LAUC research grants?

As proposed, I presented on a panel on the challenges and opportunities in international acquisitions and collection development. I specifically talked about the selection and acquisition of materials from Southeast Asia. I believe our session was the only one related to area studies acquisitions, and we had a full room.

II. IS YOUR PROJECT COMPLETED? Yes No

If No, what is needed to complete the project? Is more time needed? Or more funds?

III. FINANCIAL STATEMENT

Please explain how the funds received were spent. Attach your original budget and indicate how well your estimates matched with actual expenditures. Receipts are not necessary.

See attached letter for estimated budget. My actual expenditures were about 94% of my estimate. The \$600 covered approximately 2.5 nights of lodging. I also received funding from LAUC-LA, as well as additional funds from Library Human Resources and my department's funds.

IV. SHARING YOUR PRODUCT/RESULTS

What are your plans for disseminating the results of your work? If it will be a web page or product, or published article or book, when will it be available to the public? Include citations/URLs if known.

Our presentation was our way of informing others about the work that area studies librarian and international acquisitions specialists do.

V. NOTE

Information included in this report may be reprinted or posted on the web for dissemination to UCOP, other UC Libraries, and future potential LAUC grant applicants.
