

Dear Research and Professional Development Committee:

ALA has accepted a poster presentation proposal for the upcoming ALA Annual conference. The LAUC travel grants would help defray the costs of professional development travel this presentation would entail. My professional development funds have been exhausted as I have used it to pay for the cost of \$5000 for the ARL LCDP program.

I have submitted a travel request to my supervisor. I have no doubt that it will be approved. Once the paperwork has gone through all the proper channels, I can send the paperwork showing the approval in to the committee.

UCSB Invites Enthusiastic, Energetic, Highly Motivated Librarians to Apply...

The Library Fellowship Program was launched in 1985 by then-University Librarian Joseph Boisse. The fellowship is designed to promote diversity in the library. Entry-level librarians from underrepresented in academic research libraries are recruited and given the opportunity to learn about academic libraries and librarianship and to gain experience in areas or departments of interest. They explore the latest developments in the field and participate in a wide range of professional development. This poster highlights the program and past fellows who have gone on to achieve success in their own right, such as University Librarian at Northern Illinois University and Coordinator of L.A. as Subject.
