    - i. The SLFB has voted on accepting the exceptional deposit from UCSB in 2018/2019. The results of the vote have not been officially announced (as of 4/30) but there was no expressed dissent to the idea, so it will likely be approved. The full impact of this remains to be seen, but SRLF is planning to hire additional staff and purchase new book trucks, and there likely will be a hiatus for other deposit work, though the goal would be to keep impact of other campus deposits to a minimum.
    - ii. There has been no word yet about the individual campus allocations for 18/19, based on the request system set up this year. I expect that we will hear after the UCSB deposit approval is finalized. There was no meeting this month.

#### H. Campus Reports

1. UCR
  - i. Andrew Lippert joined Special Collections & University Archives (SCUA) as the Processing Librarian. April 30 was his first day. He comes to us from the American Philosophical Society in Philadelphia.
  - ii. FTE in SCUA remains the same with the addition, above, but the departure of LAUC-R Guest, Zayda Delgado, formerly SCUA Public Services Assistant (or so says the informal network).
  - iii. LAUC-R Programs Committee and UCR Library are cosponsoring the return of a NASA JPL astronomer to campus. Trina Ray's presentation, *Cassini's Legacy: Saturn's Secrets Revealed*, will be on Thursday, May 10, from 4:00 – 5:00 pm in the HUB. Trina has received numerous awards, including a NASA medal for Exceptional Service, and is an active public speaker for NASA.
2. UCSB
3. UCM
  - i. Held recognition for first winners of newly established undergraduate research award. Work will be archived in eScholarship.
  - ii. With funding from a campus climate Diversity, Equity, and Inclusion Grant, the library held a Living Library event where attendees checked out members of the staff for a 20-minute conversation.

- iii. LAUC-M is developing a memo to articulate principles and priorities that should be followed as campus administration makes decisions about allocation of library space.
  - iv. Will be onboarding a new digitization coordinator and conducting interviews for data curation specialist (CLIR postdoctoral fellow).
- 4. UCSD
  - Archiving practices: We just dealt with about 5 boxes of physical archives, by finding a permanent-ish place to house them and creating a finding aid. No policy yet on digital archives – we're using our Library intranet for minutes, agendas, and policies, so presumably we will follow the Library's archiving policies for that information
  - Updates: Biggest news is that Erik Mitchell started on April 16 as our new UL. One task he is working on is looking at the charges and practices of our management groups. He'll also be meeting with individual program directors (i.e. department heads).
  - LAUC-SD hosted our annual Librarian Shadow Day for MLIS students. Our Mentoring Committee organizes this event every year. This year we had 30 students take part. One of the popular and successful activities, which we tried last year and continued again this year, is a "speed dating" activity, in which the students get to spend several minutes talking to a librarian before moving on to the next one.
  - We had several events in support of National Preservation week.
  - On April 25 our Library Diversity and Inclusion Committee (which includes LAUC-SD representatives) and two of our library programs are co-sponsoring a talk by Dr. Safiya Noble on the political and social implications of algorithms.
- 5. UCLA
  - i. The LAUC-LA spring assembly and presentation of the Librarian of the Year Award will be Monday, May 14.
  - ii. Personnel: Jillian Cuellar, Head of Collection Management for Library Special Collections, is leaving UCLA May 31 to accept a position as Head of Special Collections at Tulane University.
  - iii. We lost former colleague Deborah Whiteman on April 1. She joined UCLA Library in 1997 as a library assistant, then received her MLIS and worked as Rare Books Cataloger until her departure from UCLA in 2009.
  - iv. In celebration of the 70<sup>th</sup> anniversary of both the UCLA East Asian Library and the Asian Languages & Cultures Department, the roundtable discussion *Beyond Geopolitical Imaginaries: A Trans-Pacific Perspective*, will be held on Monday, June 4.
  - v. On May 2, the East Asian Library hosted an event with several speakers for the Grand Presentation of the *Encyclopedia of Buddhist Arts*.
  - vi. The East Asian Library and the Terasaki Center for Japanese Studies hosted a panel discussion on Japanese archival materials on April 30, also part of the 70<sup>th</sup> anniversary events.
- 6. UCB
- 7. UCI
- 8. UCSF
  - i. Archivists' awards
    - 1. Kate Tasker & Charlie Macquarie received the Society of American Archivists C.F.W. Coker Award, which recognizes outstanding work that involves innovative development in archival description. They were recognized for co-authoring "UC Guidelines for Born-Digital Description."
    - 2. Kelsi Evans was [recognized](#) by the UCSF Department of Surgery for her Feb. 2017 [UCSF Archives blogpost](#) chronicling Dr. Kountz' life in honor of Black History Month, which was used in developing a story about historic UCSF kidney transplant patient Richard Schielke and his trailblazing African-American transplant surgeon Samuel Lee Kountz.
  - ii. Strategic plan projects
    - 1. Empower UCSF patients and the community to engage with their health

2. Education & Technology Core —Technology, Expertise, Community
  3. Learn with the Library: Open Science Education for all UCSF
  4. A UCSF Online, Open Lending Library (digitization of 12,500 print titles)
  5. Parnassus Library Services Transformed (space redesign)
  - iii. LAUC organized a visit to San Francisco Public Library (more info & photos [here!](#))
9. UCSC
- i. ILS implementation: New go-live date is June 20<sup>th</sup>
  - ii. Created [public-facing website](#) with information/FAQ/timeline on upcoming serials cancellation in May 2019. Geared mostly towards faculty to gather feedback about the journals and databases they use.
10. UCD
- i. Librarian Recruitments: Campus interviews have taken place for the Electronic Resources Librarian position. Interviews for the Health Sciences Librarian were held in February, and there has been no further announcement at this time. The Warren Winiarski Wine Writer Collection Fellow posting closed on April 23rd. We also have an opening for our Senior Director of Development – this is an important role in a managerial series.
  - ii. LAUC-D activity: At our Spring Membership Meeting next week we will discuss outcomes of a clarification for our peer review process related to delegation of authority. Despite substantial work of the Nomination and Election Committee, there is not a candidate standing for Chair at this time (we currently have an appointed Vice-Chair). Next steps will be discussed given the lack of explicit provision for *pro tem* appointments in our by-laws.
  - iii. Library-wide: There have been improvements to several of the library's study spaces, with two of these in particular distinguished by "byPhilanthropy" blue bows indicating the upgrade was achieved through giving efforts. The Library Study Space Team was awarded a campus Citation of Excellence for its work in this area. An individual Citation of Excellence was awarded to long-standing staff member Lee Riggs for his steadfast service to library patrons through information services; tours and orientation sessions, particularly for international students; and representing the library at numerous campus events.
