

**Possible Amendments
(In Order Received)
4/7/15**

1. Section 2(c): Include the “at half time or more” provision for membership.
2. Section 2(c)(i): This should remain a separate subsection (d). It’s an instruction to LAUC to establish procedural rules, distinct from (a)-(c), which define criteria of membership.
3. Sec. 5: Affiliates would include more than Librarian Series employees if sec.2(c) passes. There is no need to authorize divisional “structures of participation.” All such structures must be established in divisional bylaws, which must remain consistent with statewide’s. There is no need to prohibit affiliate voting, etc. The right to do so is explicitly “exclusive” per sec. 3.

Persons employed as librarians in the University defined in Section 2 of this article on less than halftime appointments and retired LAUC members retired from such positions shall have affiliate membership. Affiliate members may participate in general meetings of the Assembly, but may not make motions, nominate candidates, become officers, serve on committees, be eligible for research and professional development funds, or vote. Divisions may extend membership of the affiliate category on their respective campuses via their Bylaws.

4. Sec. 1: Substitute website

<https://tcs.ucop.edu/tcs/jsp/academicTitlesSearch.htm>

as source of title codes in place of APM 112 and 113.

5. Sec. 4: List of membership eligibilities removed and replaced with the language of Section 3 of the current by-laws.
6. Sec. 4: List of divisional membership functions removed.
7. Sec. 2c: Insert “affiliated units” after “University Libraries”

All other persons who provide professional services in the University Libraries and affiliate units substantially similar to those services identified in APM 360-4 irrespective of their status as determined by UCCOP as academic, management, or staff appointees; and whose divisions have successfully petitioned LAUC for their inclusion.

8. Sec. 2c: Revise for clarity. The suggestion is to introduce a “lead” so that one does not conclude that all the persons described in this section will be admitted. However, the section begins with “all other persons” to conform with the grammar of Section 2; 2a begins with the same phrase. There is no way to prefix this phrase without disrupting the grammar, and the

qualification for successful petitions is introduced as soon as possible afterwards. No way is found to revise this. Suggestions for new language may be submitted to the Assembly.

9. Global: Vote for the membership divided into votes for

a) Section 1 and Section 2 a and b to clarify title codes

b) Section 5 on expanding the affiliate category

c) Section 2c(i) on incorporating new members
